25 March 2010

Dear Parents, Carers and Children

As you may be aware from a recent school newsletter, the PTFA have agreed to assist with the funding of an Outdoor Adventure Play Area.

However, before any specifications are drawn up for the proposed Outdoor Adventure Play Area, we would like your assistance.

We have put together the following questionnaire and ask that, either as a family or as individuals, you take a few minutes to answer our questions. This will help to give us a better understanding of the type of outdoor play equipment you as parents would like to see available for your children, whilst also giving the children an opportunity to let us know their wish list.

Please could we ask that you complete this questionnaire by Monday 29 March.

Kind Regards
